January 1, 2019

Dear Supporter,
Since 1983, Make-A-Wish® Greater Pennsylvania and West Virginia has been granting wishes for children with life-threatening medical conditions to enrich the human experience with hope, strength and joy. In our 31 year history, our chapter has granted more than 15,000 wishes. That's more than 15,000 smiles on the faces of local wish kids and their families. At North Hills, the Hands For Service and Student Council club has been raising money each year to help grant a wish.

Your support of the Children's Hospital of Pittsburgh Foundation provides funding that supports programs like family life, pet therapy, and pastoral care — programs that allow children and their loved ones to heal together. And your generosity also supports advanced equipment and cutting-edge research — investments that allow our kids access to outstanding clinical care so that they can have a future brimming with hope.

North Hills High School students will be holding their 5th annual Dance Marathon on the weekend of March 1st and 2nd. Each dancer is required to raise money in order to dance in the event. For six hours these motivated, caring high school students will not be able to sit down; but will have fun doing it! The money raised during this event will be donated to both the Make-A-Wish foundation and the Children's Hospital of Pittsburgh Foundation. The NH Dance Marathon has raised over $42,000 over the last four years. The students of North Hills High School are very excited to be organizing such a worthwhile event, but we need your help. We are currently looking for donations to help make this fundraising campaign a success. There are different levels of support from which you can choose. I hope we can count on your support to make the fifth NH Dance Marathon a bigger success than the first four.

We thank you for your anticipated support of these two worthy causes. If you have any questions please feel free to contact me at 412-318-1402 or by email at dipasqualej@nhsd.net.

Sincerely,

Jennifer DiPasquale
